REASONS FOR ALLOWANCE

1. In response to the application filed 11-9-2001, the the preliminary amendments have been entered and the application has been examined.

2. The following is an examiner's statement of reasons for allowance: The cited prior art disclose vehicle hire systems with card reader and communication to a central evaluation unit with history or audit, but lack a user terminal to allow a user to report a decrease in quality of the protected area to the evaluation center and the evaluation center responding to the report by canceling authorization of entrance to the area for a carrier of a user of the area on a previous occasion. In particular, Hirshberg discloses a car rent system with terminal in col. 4 lines 7-22 for reporting problems, but does not disclose the evaluation center responding to a user report of decrease in quality of the protected area by canceling authorization of entrance to the area for a carrier of a user of the area on a previous occasion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Hirshberg (US 5289369A), Klein (US 5726885) and Bunn (US 6240365B1) disclose vehicle hire/rent systems.
